## ICS Mahesh PU College : Objective & Vision

ICS Mahesh PU College was setup with a focused mission ; to inculcate a love for learning in students and empower them to face the challenges of life. ICS Mahesh PU College specializes in encouraging holistic growth of the students; as they are groomed not only in academics, but also encouraged to actively participate in co-curricular and pro-academic activities.

We have well - researched pedagogy, technologically-advanced facilities, committed and qualified faculty and a culture of learning to foster a spirit of excellence in students. At ICS Mahesh PU College, students are mentored in the right environment to succeed academically and enjoy a rewarding career. We look after our students' well being and psycho social development by going beyond their needs and achieve outstanding results.

ICS Mahesh PU College, encourages students to discover their true potential to succeed every field of academic life. We offer well- qualified faculty and positive learning atmosphere to maximize the interaction, learning and well - being of our students. We have technologically aided teaching, well - equipped library and laboratories that provide the right balance between theory and practical knowledge to the students. Additional classes will be taken for advanced learning students and slow learning students separately.
